

## **FEIAP Engineer of the Year Award 2008**

### **CITATION FOR MR. NAM HO**

He had contributed much for the safety and the promotion of the nuclear energy society in Korea as a Director General of Nuclear Safety Bureau and Atomic Energy Bureau, Ministry of Science and Technology of Korea. Currently, 20 nuclear power plants are under operation and 8 more under construction in Korea.

He had contributed much for the professional engineers of Korea as Vice President of the Korean Professional Engineers Association and Korea Radioisotope Association.

He had developed and promoted good relations between Korea and other nations as the chair of international relation committee of KPEA.

He loves the FEIAP and would try his best to promote FEIAP as the best organization for the engineers related to FEIAP. Mr. Nam Ho had put his best effort to convince KPEA leaders to believe that FEIAP will be able to restart his activities for the engineers in Asia to decide that KPEA will remain as an active member of FEIAP.

Also, he had chaired the 14<sup>th</sup> FEIAP G.A meeting in Cebu on 26<sup>th</sup> November 2007 which had installed the solid foundation for FEIAP to reestablish the rules and committees for the brighter future.

He had contributed for the advancement and development of Engineering Professions in Asia and the Pacific region through exchange of ideas and view between member of APEC and EMF.

He had contributed to become provisional membership of IEM 2005 and full membership of IEM 2007 with ABEEK.
