

WFEO

Younger Engineers/Future Leaders

Movie

Who are we?

- Young engineers with high energy, lack of experience and a thirst for knowledge.
- Impatient , but full of enthusiasm.

Why?

- We are passionate about what we believe in
- We have creative ideas.
- We are quick learners and open to new ideas.

To achieve our collective goals we need unity of all engineers around the world.

Vision

**Recruit the enthusiasm of
young engineers in developing
and Applying engineering to the
benefit of humanity**

Mission

- **To provide the young engineers with the opportunity to contribute to society.**
- **To improve the soft skills among youth from all over the world.**

- **To create an international network between Young Engineers/Future Leaders to benefit with diverse culture, to share creative ideas.**

Reasons to engage Young Engineers/Future Leaders?

- Because Young Engineers are the future.
- With your guidance and support we will handle the responsibilities and become the future leadership of WFEO.

Milestones

November 2nd / 2009

Raise in Kuwait

- Expenses \$500,000. (young forum)
- Special financial support for students(50% off)
- 75 young from 15 Countries
- Social gathering and trips.
- Paper and project contest
- Virtual forum.
- Workshops.
- Exhibition

Dream come true

- **Dan Clinton Chair WFEO Engineering Capacity Building Committee agreed to support and mentor the Young Engineers/Future Leaders Task Group**
- **Kuwait Society of Engineers offered to host the Young Engineers/Future Leaders Task Group for 4 years.**

Future plans

- At each WFEO meeting increase the participation of young engineers
- Actively support WFEO programs in WEW 2010 Argentina and WEC 2011 Switzerland
- As we progress, we shall meet and discuss our future plans

Younger Engineer / Future Leaders Task Group Members

**A request to the WFEO Executive Committee -
Encourage WFEO members to designate
younger engineers to the Younger
Engineer/Future Leaders Task Group**

Confirmed WFEO Representatives

Kuwait: Zainab Lari

US: Kate Johnson /Jennifer DeBoer

Argentina: Pablo Bereciartua

Acknowledgment

- **Anntonette Joseph** - Young engineers Australia
- **Jennifer Deboer** - SPEED network USA
- **Tim Moenkedieck** - VDI association of engineers Germany
- **Mounira Maazaoui** - IEEE student branch Tunisia

Thank You

For giving us the
chance to present our ideas
to you

Young Engineers

..... And thanks for your attention
