

INAUGURAL FEIAP CONVENTION 2011

FURAMA RIVERFRONT HOTEL, SINGAPORE. 2-7 OCTOBER

Welcome to Inaugural FEIAP Convention 2011!

This convention includes 19th FEIAP General Assembly, FEIAP International Conference on Engineering Education and Accreditation, and Accreditation Workshop.

FEIAP Convention is the brainchild of the Executive Board with the objective to set the Convention as a platform for its member economies to share information on issues concerning education, continuing professional development and qualifications of engineers. The FEIAP Convention will be held once every two years.

In the 1970s, the islets were individually reclaimed and joined to form seven islands

The current Jurong Island

Event Highlights

- **Welcome Reception at The Jewel Box** includes the brand new Jewel cable car ride from Mt. Faber, the Singapore iconic hilltop destination. The hill, formerly known as Telok Blangah Hill, was renamed in July 1845 in honor of Captain Charles Edward Faber of Madras Engineers.
- **FEIAP International Conference: Engineering Education & Accreditation**
-Don't miss out our line-up of dynamic speakers from the Engineering Education industry.
- **Engineering Accreditation Workshop: Developing Sustainable Program Assessment Process**
-a 3-days workshop by Dr Gloria Rogers, a renowned guru in engineering accreditation.
- **Technical Visit to Jurong Island**
-join us to visit one of the engineering marvels, a mega project by JTC Corporation and its subsidiary Jurong Consultants Pte Ltd in transforming a group of islets with a total area less than 10km² ha to current 32km² integrated, world class energy and chemical hub.
